University of Liège

Information notice on the use of personal data by the Registration and Admissions Office, the Students Social Service and the International Relations Office

Version 2.7 of February 10, 2022

The Registration and Admissions Office, the Students Social Service and the International Relations Office of the University of Liège (hereinafter referred to as "RAO", “SSS” and "IRO" respectively) collect and process your personal data in accordance with the provisions of the General Data Protection Regulation (EU 2016/679, hereinafter referred to as "GDPR") and the Law of 30 July 2018 on the protection of natural persons with regard to the processing of personal data.

Data controller

The RAO, SSS and IRO are bodies of the University of Liège which registered office is located at Place du 20-Août, 7 à 4000 Liège. The University of Liège is a public institution with two legal personalities1: it acts, on the one hand, as the French Community of Belgium (of which it is a decentralized body) (0807.970.507) and, on the other hand, as a decentralized and autonomous public institution, called "Le Patrimoine de l'Université de Liège" (0325.777.171). It is duly represented by its Rector.

For any questions regarding the processing of your personal data by the University of Liège, you can contact the University's Data Protection Officer by writing to the following address: Mr. Data Protection Officer, Bât. B9 Cellule "GDPR", Quartier Village 3, Boulevard de Colonster 2, 4000 Liège, Belgium. You can also send him an email at dpo@uliege.be

Processing of personal data by the RAO - students

The RAO processes your personal data as follows:

1. First contact and answer questions before registration

   - Data processed: identification data; academic curriculum; personal details
   - Purposes: Administration of student candidates; answering questions that a future student may have about a choice of study or about the institution.
   - Legal basis: execution of a contract (pre-contractual measures).
   - Retention period: 18 months

2. Organization of the examination for admission to higher education

   - Data processed: identification data and address; activity of the last five years; academic curriculum; date of birth; personal details; personal identification data; data relating to assimilation.

---

1 The Universities of Ghent and Liège were endowed with a legal personality distinct from that of the State by virtue of a law of 5 July 1920 (M.B., 29 July 1920).
- Purposes: Administration of student candidates; assistance to students; verification of the conditions of access to the EAES; convocation of the student to the tests, establishment of lists of students per test, establishment of lists of results for the deliberations, establishment of transcripts for the student, establishment of lists of results for the proclamation (+ posting), establishment of certificates of success, establishment of newsletters in the event of failure.

- Legal basis: legal obligation (Décret Paysage of 7 November 2013) to process the data of students who do not hold a legal right of access to undergraduate studies and to keep certificates equivalent to a diploma; performance of a contract for registration for the examination.

- Retention period: at least 3 years for the data relating to registration for the examination; the certificate of success is equivalent to a diploma and is kept in accordance with the rules in force.

- Recipients: Professors, members of the jury; ARES; CReF (statistics production).

3. Organisation of French language proficiency exams - 2nd cycle, access to the Master's exams for didactic purposes or to the agrégation of Secondary Higher Education.

- Data processed: identification data and address; date of birth; personal details; personal identification data.

- Purposes: Administration of students and student candidates; statistical research.

- Legal basis: legal obligation (Décret Paysage of 7 November 2013, Art. 113, § 1); execution of a contract for registration for the examination; execution of a public interest mission for the follow-up of the student file within the various departments of the University.

- Retention period: 5 years

- Recipients: Professors, members of the jury; ISLV teachers; CReF (statistics production).

4. Admission and registration of future students (Belgians, EU)

- Data processed: identification data and address; activity over the last five years; academic curriculum; date of birth; financial record of education; personal details; personal identification data; civil status; online identifier; marriage or current form of cohabitation; photo.

- Purposes: Administration of students and student candidates (registration procedure); generation of the University's fundings statement; statistical research.

- Legal basis: legal obligation (Décret Paysage of 7 November 2013, Art. 113, § 1); execution of a contract for enrolment in studies; execution of a mission of public interest for the follow-up of the student file within the various departments of the University.

- Retention period: 75 years from the data subject’s date of birth (not admitted: 5 years; not admitted with recourse: 30 years)

- Recipients: Secondary and higher education institutions, previous employers, administrations and any other organization useful for the verification of the data provided during registration; University Authorities; Faculties, apparatuses and social service; jury presidents; ARES (e-paysage platform); CReF (statistics); Office of the Minister of Higher
5. **Admission and registration of future students (outside the EU)**

- Data processed: identification data and address; activity of the last five years; academic curriculum; date of birth; personal details; personal identification data; data relating to assimilation; civil status; financial history of studies; online identifier; marriage or current form of cohabitation; financial means; immigration status; photo; solvency; data concerning physical health (processed on the basis of art. 9-2, h. of the GDPR)

- Purposes: Administration of students and student candidates (registration procedure); generation of the University's fundings statement; statistical research.

- Legal basis: legal obligation (Décret Paysage of 7 November 2013, Art. 113, § 1); execution of a contract for enrolment in studies; execution of a mission of public interest for the follow-up of the student file within the various departments of the University.

- Retention period: 75 years from the data subject’s date of birth (not admitted: 5 years; not admitted with recourse: 30 years)

- Recipients: Secondary and higher education institutions, previous employers, administrations and any other organization useful for the verification of the data provided during registration; University Authorities; Faculties, apparitorates and social service; presidents of juries; Office of the Minister of Higher Education of the FWB; partner institutions within the framework of agreements and co-diplomation; Government Commissioner for the validation of assimilations; ARE S(e-paysage platform); CReF (production of statistics); FRS-FRNS within the framework of enrolment in a doctoral school; AEQES in the scope of its mission to assess courses; host organisation within the framework of the organisation of an internship; insurance organisation if specific coverage is required; funding bodies for research funding; subcontractors to the extent that such transmission is necessary for the provision of the service to which the University has subscribed, in compliance with the appropriate guarantees by the GDPR; police, judicial or administrative authorities in compliance with legal obligations or to guarantee the integrity of property and persons within the University; potential employers (HEC).

6. **Organisation of the random drawing for the quota-based fields of study**

- Data processed: identification data and address; activity over the last five years; academic curriculum; personal details; personal identification data; civil status; marriage or current form of cohabitation; photo.

- Purposes: Administration of students and student candidates (registration procedure); statistical research; publication of results.
- Legal basis: *legal obligation* (Circular 6666 of 23 May 2018 - circular renewed each year); *execution of a contract* for enrolment in studies; *execution of a mission of public interest* for the monitoring of student files within the various departments of the University.

- Retention period: 5 years

- Recipients: Government Commissioner; ARES; CReF (production of statistics); bailiffs for the random drawing.

7. **Special registration** (*civil servants Level A, isolated courses, free auditors,...*)

- Data processed: identification data and address; date of birth; personal details; personal identification data; marital status; marriage or current form of cohabitation; photo.

- Purposes: Administration of students and student candidates (registration procedure); student assistance; statistical research.

- Legal basis: *legal obligation* (*Décret Paysage* of 7 November 2013, Art. 113, § 1); *execution of a contract* for enrolment in studies; *execution of a mission of public interest* for the follow-up of the student file within the various departments of the University.

- Retention period: 10 years.

- Recipients: Secondary and higher education institutions, previous employers, administrations and any other organization useful for the verification of the data provided during registration; Professors or apparators who analyse and authorise applications; faculties, apparatures and social services; presidents of juries; Partner institutions in the context of co-diplomations in Belgium; Office of the Minister of Higher Education of the FWB; ARES (e-paysage platform); CReF (production of statistics); FRS-FRNS as part of enrolment in a doctoral school; AEQES in the scope of its mission to assess courses; host organisation as part of the organisation of an internship; insurance organisation if specific cover is required; funders in the context of research funding; subcontractors to the extent that such transmission is necessary for the provision of the service to which the University has subscribed, in compliance with the appropriate guarantees provided by the GDPR; police, judicial or administrative authorities in compliance with legal obligations or to guarantee the integrity of property and persons within the University.

8. **Recourse management**

- Data processed: identification data and address; activity of the last five years; academic curriculum; date of birth; personal details; personal identification data; civil status; online identifier; photo.

- Purposes: Administration of students and student candidates (registration procedure); student assistance; statistical research.

- Legal basis: *legal obligation* (*Décret Paysage* of 7 November 2013, art. 95-96; Financing Decree of 11 April 2014, art. 5);

- Retention period: 75 years from the data subject’s date of birth (not admitted: 5 years; not admitted with recourse: 30 years)

- Recipients: University authorities; Government Commissioner; QVE service for the processing of domestic remedies; ARES (e-paysage platform); CReF (production of statistics).
9. **Counterfeiters management**

Any communication (electronic or otherwise) addressed to the IRO may also be retained. Sometimes additional personal data related to the situation concerned are requested. These data may be used and processed by the IRO for the purpose of managing their relations with their contacts, for the purpose of checking the regularity of transactions and combating any abuses and irregularities. IRO may also disclose all or part of this information to legal or legal services that will ensure data protection under these conditions to comply with a legal obligation.

**Rights of the data subject**

As provided for in the GDPR (Art. 15 to 23), each person concerned by the processing of data may, by proving his identity, exercise a series of rights:

- to obtain, free of charge, a copy of the personal data concerning her/him and, where appropriate, any available information on their purpose, origin and destination;
- to obtain, free of charge, the rectification of any inaccurate personal data concerning her/him and to obtain that incomplete data be completed;
- to obtain, subject to the conditions laid down by the regulations and free of charge, the deletion of personal data concerning her/him;
- to obtain, subject to the conditions provided for by the regulations and free of charge, the limitation of the processing of personal data concerning her/him;
- to obtain, free of charge, the portability of the personal data concerning her/him and that he/she has provided to the University, meaning to receive, free of charge, the data in a commonly used structured format, provided that the processing is based on consent or on a contract and that it is carried out using automated processes;
- to object, subject to the conditions provided for by the regulations and free of charge, for reasons relating to her/his particular situation, to the processing of personal data concerning her/him;
- to withdraw her/his consent, without any justification being necessary;
- to lodge a complaint with the Data Protection Authority ([https://www.dataprotectionauthority.be](https://www.dataprotectionauthority.be), contact@apd-gba.be).
Contacts

For any question concerning the RAO/IRO privacy policy or request to exercise these rights, you can contact the Data Protection Officer of the University of Liège, either by e-mail (dpo@uliege.be), or by letter dated and signed at the following address:
